Projects

- **Productivity Dashboard** September 2025
 - Developed a **Productivity Dashboard web application** to improve focus and time management using core productivity techniques.
 - Implemented a **Pomodoro Timer** to help users manage work and break intervals efficiently.
 - Added **Dark Mode / Light Mode toggle** to enhance user experience during long working hours.
 - Designed a **clean, minimal, and responsive UI** for distraction-free usage across devices.
 - Built using **HTML5, CSS3, and JavaScript**, focusing on performance and usability.
 - Deployed the project using **GitHub Pages** for public access.
- **Tech Stacks**
 - **Frontend:** HTML5, CSS3, JavaScript (ES6)
 - **Tools:** Git, GitHub Pages
 - **Demo Link :** <https://tameemakhtar10.github.io/PRODUCTIVITY-DASHBOARD/>
 - **Git hub Repo :** <https://github.com/TameemAkhtar10/PRODUCTIVITY-DASHBOARD>
- **Ever After Premium photography** November 2025
 - Developed a **premium photography portfolio website** using **React.js** to showcase wedding and event photography services.
 - Designed a **visually rich and modern image gallery** using **Tailwind CSS** to highlight high-quality photography work.
 - Implemented **clean and elegant UI/UX design** focused on visual storytelling and brand aesthetics.
 - Integrated **AOS (Animate On Scroll)** to add smooth scroll-based animations and enhance user interaction.
 - Built a **fully responsive layout** ensuring seamless experience across desktop, tablet, and mobile devices.
 - Optimized component structure and styling for better maintainability and performance.
 - Deployed the application on **Vercel** for fast and reliable public access.
- **Tech Stacks**
 - **Frontend:** React.js, JavaScript (ES6)
 - **Styling:** Tailwind CSS
 - **Animations:** AOS (Animate On Scroll)
 - **Tools:** Git, GitHub, Vercel
 - **Demo Link:** <https://ever-after-premium-photography.vercel.app/>
 - **GitHub Repo:** <https://github.com/tameemakhtar10/ever-after-premium-photography>
